SENATOR DeCAMP: Mr. President, the hour is late, the issues of water, 820, the real heavy ones have been dealt with now. Because we have to get things down and get them back and read them in one more time, so that we can be in a position to deal with them on Final Reading, it is my humble proposal, it is my humble proposal, that we package a number of things upon which there is either agreement or upon which there is no amendments and the issue has to be resolved on Final anyway together and advance them. CLERK: LB 795

CLERK: 872.

SENATOR DeCAMP: 872 is the Exec Board's bill for increased salaries. Whether they should or shouldn't have them in view of the fact that we never seem to get any increased salaries is another question, but at least we could be fair by getting it over to Final.

CLERK: 965.

SENATOR DeCAMP: 965 is the litter bill. We will be fighting about litter until the end of time. However as long as we have a litter law we do have it in the form that it was agreed upon. This would get it for a final vote.

CLERK: 740, Senator.

SENATOR DeCAMP: 740 is Senator Reutzel's Constitutional Amendment. That moved fairly strongly, 25 votes I think, 34 to 2, yes, I know. It is in its form. Either it is going
